

Alexa Driskell

OBJECTIVE

Aspiring actress with a strong foundation in cheerleading, modeling, and communications, driven by a passion for storytelling and creative expression. Although my senior year of high school was cut short due to COVID, my dedication to acting has only grown stronger. I bring energy, versatility, and authenticity to every role, whether on stage or on camera. Currently honing my craft through professional training at Catapult Acting Studios in Atlanta, I am eager to take on challenging and meaningful roles that push me creatively and emotionally. With a collaborative spirit, quick adaptability, and an unwavering commitment to growth, I aim to inspire audiences and leave a lasting impression through every performance.
