PERSONAL STATEMENT

Aspiring actress primarily focused on film and movie roles with a side interest in theatre roles. Seeking opportunities to gain experience and develop a sense of belonging through acting.

EXPERIENCE

Theatre, Beauty and the Beast — *Belle*

AUGUST 2022 - MAY 2023

As Belle, I portrayed a strong, independent young woman who values intellect and kindness over outward appearances, embarking on a transformative journey of love and self-discovery. My performance highlighted Belle's inner strength and compassion as she bridged the gap between fear and understanding

Theatre, Mamma Mia — *Sophie*

AUGUST 2023 - MAY 2024

In my portrayal of Sophie, I captured the joy and uncertainty of a young woman searching for her father while preparing for her wedding. Sophie's journey was filled with humour, heart, and the excitement of embracing her future while reconciling with her past
