Experience

I graduated from The High School of Art & Design in Manhattan NY, when I lived in Brooklyn NY however I recently relocated to Atlanta Georgia. I am looking to continue my studies in film, video, editing & screenwriting. I'm currently applying for college. The Classes at The Savannah College Of Art and Design look great based on the curriculum of film and the opportunity to learn in person. These classes are better suited for how I learn because I always visualize everything through the lens of a camera.
