Description

Hello there! My name is Harry Groen, I am 24 years old and am currently living in Melbourne. After completing 5 years in the Building and Construction Industry, it has been a long-time dream of mine to move into the modeling/acting industry as a young man in my 20's. With an overall aspiration of becoming a recognized and respected actor in the entertainment industry!

Education

- Secondary School Education: CBC St Kilda (Christian Brother's College), attending for the whole of my Secondary School tenure from 2014-2019.
- Certificate II and III in Building and Construction (Carpentry Apprenticeship completed between 2020-2024) with now 5 years of experience in the industry.

[March,2020] – [August,2024]

[Apprentice Builder] | [Whitchurch Builders] | [Yarraville, Melbourne]

As an Apprentice with Whitchurch Builders, my responsibilities were to contribute to the successful construction of domestic renovations and extensions within a team environment. Whilst learning in the time frame of an apprenticeship to collaborate in a constructive manner, in order to achieve a desired outcome specified by clients.

[October,2024] – [May,2025]

[Qualified Carpenter] | [Jory Building Co.] | [Cowaramup, Western Australia]

Upon completing an Apprenticeship in Carpentry. Myself and two long term friends from high school, moved to Western Australia in the quest for adventure and to continue to progress within our respective trades. Eventually we settled in Margaret River for 8 months (before now have moved back to Melbourne) and began work not long after. Whereupon working with Jory Building Co. I had an opportunity to step into the role as a Qualified Carpenter, putting my skills to the test

that I had refined and honed as a young apprentice. To become the best version of myself, that would enable me to affect change in a constructive manner amongst my peers and as well as the task at hand.
