To the hiring manager,

I pour my heart and soul into my music so it can pour into my fans, supporters, and everyone who listens. I am a very likable guy who sings, writes songs, engineers, and produces music. I have written thousands of songs and recorded hundreds of original songs. I can write any genre of music and I also have my own genre called, "Substance."

I am an actor and I have been in several major productions since back in the Morgan Fairchild days. Lol. I am a video producer, and I wrote my own scenes for a few of my videos. A few of the videos that I wrote are called My Heart, I Should've Left Well Enough Alone, and My Girl remix. I have done a little bit of directing, but not for any major projects.

I can be a great asset to the company once given the opportunity!

- 25 + years in singing and songwriting
- 7 years studying in journalism/ broadcasting/ film/ television/ radio
- (Associates of Applied Science) (Certificate of Technical Studies) both in Communication Media
- (BA in Biblical and Theological Studies)

If so, then you need look no further. You will see from my enclosed resume that I meet all these qualifications and more.

I would very much like to discuss opportunities with G-Unit Studios and sister companies. To schedule an interview, please call me at (318)564-3075. The best time to reach me is between [9:30 am] and [9:30 pm], but you can leave a voice message at any time, and I will return your call.

Thank you for taking the time to review my information. I look forward to speaking with you at your earliest convenience.

Sincerely,

Jamal Hall
