## **My Bio:**

### **My time in the Navy:**

I joined the US Navy in November of 2019 and became a CTR2 (E5) in the span of the four years I was there. I spent 9 weeks in Navy Bootcamp in Recruit Training Command, Great Lakes, Illinois. Afterwards I transferred into the CTR A School in Naval Air Station Pensacola, Florida and spent 6 months there. Afterwards I flew out to Goodfellow Air Force Base in San Angelo, Texas to finish off my C School. Due to Covid, I did not go along with the normal training a regular CTR would go into and went straight to a Shop in the NSA at Fort Meade, Maryland. There I spent the remainder of my 3 years **working in a team environment** sending out reports on NSA traffic activity. I spent my time in the Navy carefully as I wanted to gain insights and knowledge into the working environment without the need of getting a retail job or going to college as I couldn't afford that at the time.

### **My time Voice Acting:**

During my time in the military I acquired my first professional microphone and immediately started my training and getting ready to start work after I separated. During 2022-2023 I spent the majority of my time learning the ins and outs of the industry before finding Joe Zieja's Voice Acting Academy deal. I leapt at the opportunity and spent the majority of my free time learning how to build my career and what to do moving forward, my first major step being: getting experience and joining projects I find. I already had **4+ years of theater art experience** under my belt before I had started and **immediately started booking work** right when I separated! I had used resources like Casting Call Club and Voices.com as my starter sites, but quickly branched out to other sites such as Twitter and Voquent. After being signed onto more than **20 projects** (paid and unpaid combined) and having over **1500+ auditions**, I applied to the National Association of Voice Acting (NAVA) and quickly got accepted into their group. Now I spend every day trying to be 1-2% better at my job than I was yesterday, hoping to get recognized for all of my hard work and talent.

## **My Training and Accomplishments:**

- 4+ years of High School Theater and Advanced Theater. Additionally, I received the Gibbs High School Theater Award my Senior Year.
- Joe Zieja's Voice acting academy. (JZVAA)
- "Playing to Your Strengths: VO for Anime 101" with Christine Marie Cabanos.
- Live Coaching session with Rachel Schumacher.
- Starter VO Class with Brent Mukai.
- Closing Credit: Monthly VO Workout 25th September 2024.

Hayden is so fun to work with! He voiced Chris, one of our supporting characters, in Glass Heart: Retold. He is very talented and has great comedic timing. We've already had players contacting us about a few of his scenes that really made them laugh and that they enjoyed. I highly recommend him and hope to work together in the future.

**Ja9** MAY 20 2024

Urchids is an incredible voice actor. He provided the voice lines really quickly and they were very high quality. I would recommend Urchids to anyone considering him for a role.
