National Children's Bureau

June 2020 - October 2024 (4 years 5 months)

For more than 50 years, we've worked to champion the rights of children and young people across the UK. Today, that challenge is greater than ever.

In an age of austerity, we've witnessed funding for children's services cut by half; with a devastating impact on young lives. In an era of disinformation, trust has never had more value.

That's why we interrogate policy and uncover evidence to shape future legislation. We take the voices of children to the heart of Government, bringing people and organisations together to drive change in society and deliver a better childhood across the UK.

Our impact goes far beyond childhood, to deliver lasting

change for future generations. Changing policy and shaping history.
