To Whom It May Concern,

It is my great pleasure to recommend Juri Takesawa for a professional role in the film industry. I had the privilege of working closely with Juri during her enrollment in the MFA program at Full Sail University during the 2024 term. Throughout her time in the program, I witnessed Juri's remarkable growth and her exceptional abilities, both academically and personally.

Juri is a driven individual with a strong eagerness to learn. She served as Art Director for her Week 3 production and 2nd AC for her a pilot episode of a web series shot during her tenure in the MFA program and delivered outstanding results. Beyond her official responsibilities, she consistently demonstrated initiative by anticipating needs and taking proactive steps to ensure the success of the production.

In addition to her academic achievements, Juri possesses notable personal strengths. As her Course Director, I observed her significant intellectual capabilities and her ability to foster positive relationships with her peers and colleagues.

I wholeheartedly recommend Juri for her next professional opportunity in the film industry. I am confident that her passion, dedication, and talent will make her an asset to any production team. Please do not hesitate to contact me if you require any further information regarding her character or academic achievements.

Sincerely,

Luke Leonard | Course Director Film Bachelors Program | Full Sail University
