American Sign Language (ASL) Performance

August 2008 - March 2020

- Since my youth, I showcased a range of songs in American Sign Language (ASL), spanning elementary, middle school and high school. I performed during holiday seasons, sporting events, and even for the national anthem. I was participated in events at public schools aimed at educating students about Deaf culture. In 2015, I had the honor of signing the national anthem on national television (ESPN) for the NASCAR race at Pocono. Additionally, I appeared in several commercials. Overall, these experiences have been incredible!
