Education

Diploma in Film

Cibola High School, Albuquerque, NM

- Internship at Local Production Company: Completed a summer internship at a local production company, where I assisted with pre-production, production, and post-production tasks. Worked closely with producers, directors, and editors to gain practical experience in the industry. Developed skills in script analysis, budgeting, scheduling, and on-set management. Contributed to the successful completion of a commercial project that aired on regional television.
- Completed an internship at a major media production company, where I gained practical experience in producing and editing various types of video content. Assisted in pre-production planning, set coordination, and post-production editing, honing my skills in creating compelling visual narratives to engage and captivate audiences.
- Attended workshops and seminars on advanced camera techniques, color grading, and special effects to expand my knowledge and skills in videography. Actively engaged in ongoing professional development opportunities to stay current with industry trends and technology advancements, seeking to enhance my expertise in creating high-quality video content.
- Developed a comprehensive portfolio showcasing a diverse range of videography projects, including promotional videos, documentaries, music videos, and narrative films. Continuously seeking opportunities to collaborate with other creatives and industry professionals to expand my portfolio and establish a strong presence in the competitive field of videography.
