Work Experience

Dance Teacher – 2 years teaching, 13 years as a student

I am an experienced Pointe ballerina. I have 14 years in dance and teach many dance classes for all ages. I also help raise funds for conventions and competitions and have earned several awards and recognitions, as well as receiving scholarships for my hard work and dedication.

House Sitting/Cleaning – 3 months

I have experience cleaning homes and feeding, walking, and taking care of pets. I am trusted in people's homes while they are away, and with the care of their beloved pets. I have cared for the dog of one family for 10+ years, and with a new employer cleaning their home. Both are listed in my references below.

Babysitting – 6 years

I have been babysitting for many years. I have four younger siblings, and many cousins/family friends I have babysat for. I have changed diapers, bathed small children, cooked for, and fed them, and am trusted to stay overnight regularly. I have always been skilled at keeping them all happy, safe, and entertained while their guardians are away.

Volunteer Work

Desert Tortoise Preserve Committee

I have spent several volunteer hours working with the DTPC learning about our local ecosystems, including the removal of invasive species of foliage. In my time with the preserve, I have seen two desert tortoises (one male, one female), several tortoise dens, a snowy owl, and a bobcat!

Personal Interests and Plans for the Future

I have plans to become a stage and on-screen performer. I am a dancer and have experience acting on stage. I am very interested in world travel. In the last year, I have seen Broadway and toured my dream school, Julliard, in Manhattan, New York. I also backpacked through Brazil, where I toured the graffiti art and favelas of Rio De Janeiro and saw Christ the Redeemer. I spent two days in a boat house on the Amazon River in Manaus. I was fortunate enough to get to spend my Thanksgiving break at the Grand Canyon and have plans to visit Lake Tahoe for Christmas, 2024.
