

SOFIE DALSKÄR

Actress and flight attendant

Profile

I am currently employed as a flight attendant while also pursuing a career in acting. I have appeared in commercials, as well as in films and television series as various "extra" roles, both smaller roles and as an advanced extra. I believe my experience in the acting industry will be an asset for this role, as I have developed the ability to adapt to different characters and utilize method acting techniques. My biggest dream is to work as an actor and this role is my biggest dream.
