My name is Elisha, and I have had a passion for the stage since I was three years old. I love how I can slip into a character's shoes and lose myself into a whole new story. A major reason why I love acting, is because I can improve all the time by listening to and sharing ideas.

Acting Experience:

- I used to go to Stage Coach which is an acting, singing and dancing place every week and we did shows there, in which I often was the main role
- I go to a dance club every week and I practice a lot at home, so my dancing is quite good
- My school has a Christmas production every year, and year 5 and 6 are allowed to audition for the narrator role which is the only role, and I got it in both years
- I am part of a singing club at my school and we sing in productions like the Christmas one and the Harvest one
- I have directed plays in my school before, such as Cinderella, Matilda and Annie
- I am Grade 4 in my LAMDA
