•Nanny for two families leawood, ks

05/05/12- 02/13/15

The Arnolds: I mainly nannied for this family during the Summer time, accompanying the mother to their numerous activites she had planned. During the school year, I took the children to and from school,

they had multiple activities going on for the two eldest, Charlie 8 & Eloise 6. I took them to Swim Class, Piano, Therapy, day camps, etc.

While the two oldest were at their classes, I hung out with the youngest, Gwendolyn (just turned 2). I bathed her, changed her diapers, fed her, and just hung out with her. I cleaned, made sure they got their homework finished, bathed, read, and was a friend to them.

The Johnsons: This family needed a full-time nanny during the summer time, while they both went to work. Auggie, Nash, and Ruby. WE played outside all the time, went to parks, swimming pools, museums, plays, anything they would have fun in. Movie theaters was just for the oldest, Auggie. Nash who was iN diapers at that time, movie theaters were just a little too much noise and excitement for him. I cooked, cleaned, bathed,read, and had a lot of fun with these kiddos. Ruby was just a newborn near the end of my position with them, so i never got a lot of time with her much (the parents were home all the time to be with her.)

EXPERIENCE

• Gabi Bailey Artistry - CEO, Master Makeup Artist

07/13/15-current

Gabi Bailey Artistry is my own business that I started when I was a young teen. I originally started out on a movie production as an assistant to the lead Makeup Artist. Throughout school, I provided artistry to the school for theater productions and for dances/proms. When I turned 18, that's when I took my passion seriously and pursued it full time. Throughout my career in artistry, I've obtained multiple skillsets from mastering technique, management, financial handling, customer service, product knowledge, brand ambassadorship, scheduling, class administrator, etc. I am admirable within my community and have worked in the genres of film, editorial, bridal, special fx, natural, and body painting. This is my forever job and hold it dearly to my heart. I am currently located inside an exclusive salon in KCMO, Blow Beauty Bar, as the lead and only makeup artist at hand. Below is my entirety of my Life work: From publications, to film, to music videos.
