- Hand tool use
- Blueprint Reading

WORK HISTORY

Mechanical Assembler 2, 01/2024 - 10/2024

ESL Power Systems – Corona, CA

- Work cooperatively with team members to complete tasks efficiently within established deadlines.
- Ensure compliance with all company policies and procedures related to safety.
- Communicate effectively with supervisors regarding any issues that arise during the assembly process.
- Read blueprints and diagrams to determine proper assembly techniques.
- Assemble mechanical parts, components or assemblies using hand tools and power tools.

- Align components for proper fit and function.
- Inspect completed assemblies for conformance to specifications.
- Performed finishing work such as deburring, painting and polishing.
- Laid out and drilled, tapped or cut parts for assembly.
- Fastened or installed piping, fixtures or wiring and electrical components to form assemblies or subassemblies.
- Verify that all connections are secure before moving on to the next step in the process.
- Follow safety regulations when operating equipment and handling materials.
- Collaborated with engineers to develop innovative solutions for complex mechanical challenges that arose during assembly processes.
- Enhanced assembly efficiency by optimizing mechanical processes and implementing time-saving techniques.
- Reduced production errors by conducting thorough quality control checks on assembled components.

Assembler 1, 08/2023 - 01/2024

Crown Technical Systems – Fontana, CA

- Increased production efficiency by assembling components quickly and accurately.
- Enhanced workplace safety by maintaining a clean and organized work area at all times.
- Maintained high-quality standards with thorough inspections of assembled parts.
- Demonstrated a strong work ethic by consistently arriving on time, prepared to begin work immediately, and contributing positively to the team's overall success.
- Collaborated effectively with team members to meet production targets consistently.
- Demonstrated flexibility in adapting to various types of assemblies, allowing for seamless transition between different projects as needed.

Shipping Supervisor, 04/2014 - 04/2023

Sierra Aluminum – Riverside, CA

- Supervised shipping personnel to ensure efficient and accurate completion of tasks.
- Monitored staff performance to ensure compliance with company policies and procedures regarding packaging, labeling, and shipping deadlines.
- Created monthly reports on shipping activities for management review.
- Ensured safety protocols were followed when loading and unloading trucks or containers.
- Coordinated with carriers to schedule pick-up and delivery times for shipments.
- Resolved customer complaints related to shipment discrepancies or delays in a timely manner.
- Provided training to new employees on proper operation of packing equipment and safety protocols.
- Oversaw daily operations within the shipping department including assigning tasks, setting

deadlines, resolving conflicts.

- Presented and explained work orders to team.
