I am very interested in the opportunity for this organization. I genuinely truly feel like this will be a really great experience for me. I am a young, positive, organized, respectful, highly motivated, self-confident and enthusiastic girl who is very eager to succeed. I am self-assured that I can learn quickly, use my already attributed skills, and make a great immediate impact. I am always looking for an empowering environment, where I can demonstrate and grow my skills, which I really feel your company can provide.

I'm proficient with computers (Adobe, Final Cut Pro, Logic Pro, Word, PowerPoint, Excel, Access, etc.) and well-developed in presentation skills. I have excellent communication skills, both verbal and written.

With my personality, I will ensure each person I work with receives quality service and maintain awareness of all advertisements and promotions. I've also been put in fast paced, high stress and crucial situations and I realized that I work well under pressure. I feel as if my personality, talent, and drive are suitable for your organization. I really hope to have the opportunity to grow my career with your company and I am positive that I can be an asset to your team.

Thank you so much for taking the time to review my resume, cover letter and application. I look forward to hearing from you.

With best regards,

Samantha

Samaka.
