Introduction

Ladies and Gentlemen

It was with great enthusiasm that I heard about your current project and would like to apply for it.

In my professional career, I have held management positions in hotels and restaurants. Since 2024 I have been working in Human Resource Management and am also active as an actress and model.

My passion for acting began in my childhood. Through my training at the "Stage Academy of Switzerland" and active participation in projects, I was able to deepen this passion and gain valuable experience.

I was able to act in film and television productions such as the SRF series "Neumatt" and "Philip Maloney", as well as in various supporting and leading roles, where I was able to demonstrate my versatility and commitment.

I have also modelled in campaigns for "Ricola Schweiz", "Helvetia" and "FHNW", which trained my expressiveness in front of the camera and allowed me to develop a deep understanding of visual communication.

In 2024, I worked on eighteen different film productions and seventeen commercials/campaigns. I also help out as a costume and make-up artist.

At the beginning of 2025, I produced a short film in Basel together with the US director Ezra Lunel, in which I acted as lead, co-writer and producer.

In addition to acting, I contribute musical skills such as singing and dancing, which help me to bring characters to life in a variety of ways.

What particularly fascinates me about acting is that it offers me the opportunity to use and expand my acquired experience in a new context and expand it.

I am convinced that my ability to empathize intensively with characters and convey authentic emotions can make a valuable contribution.

I value creative teamwork and always bring a professional approach and positive attitude to the set.

It is important to me to work with directors and colleagues to create the best possible portrayal and bring the vision of the project to life.

I would be delighted for the opportunity to convince you of my suitability.

Thank you very much for your commitment and I thank you in advance for your reply.

Best regards

Best regards

Valeria Hongler
