## Experience

Amazon Warehouse | Appling, US  
**Packer/Picker/Stow/Waterspider**  
01/2024 - 12/2025

- Pick: I grabbed items needed from Pods and put them in the chute in their needed places marking off items as I go
- Pack: I grabbed items from the chutes and packed the items in their correct size boxes and pushed them onto the conveyer belt that's took it across the warehouse
- Stow: I grabbed items from pods and place them in the totes that are called for and when one of them are full I will put it away on the conveyer belt that's takes it across the warehouse.
- Water spider: we walk across the line to look for stations with full totes to take and put on our crates and when their full we will take them over to the conveyer belt and load each one on it.
