

# SCOTT BRAND

## A C T O R

I am an actor mainly based in Switzerland. However, I am in Prague often enough to have my own living space there too. I grew up bilingually, speaking both English and (Swiss-)German. I also speak French, but not natively. In younger years I did amateur stage acting. But my love for the profession was kindled during the pandemic, when I started to do VO-work. I now have acting experience in multiple different countries and played major supporting roles in multiple productions.
