"Man's mind stretched to a new idea never
goes back to its original dimension."
- Oliver Wendell Holmes

Note: These are not to take the place
of the 10 Commandments
or Hammurabi's Code, but to
help you do life a little better.

1. Never hold a philosophy which supports a lack of courage.
2. Don't ask the question if you can't live with the answer.
3. Never argue with an idiot, those watching may not be able to tell the difference.
4. Rarely resist the opportunity to keep your mouth shut.
5. Seek forgiveness, not permission.
6. Look for new ideas in old books.
7. If you do what you have always done, you'll get what you have always gotten.
8. Ignorance is a voluntary misfortune.
(First said by Nicholas Ling)
9. Never wrestle with a pig, you both get dirty and the pig likes it.
10. If it can be solved with money, it is not a problem.
11. Think, often and deeply.
12. Proper, prior planning prevents very poor performance.
13. If you don't know where you are going, any road will take you there.
14. Never lie.
15. Pray hard, work hard, play hard, never give up, never give in. (Partially appropriated from Sir Winston Churchill)
