Date Issued:

05/2019

2/2019

04/2013

Work Experience

Medical Scribe

ProScribe Texas City, Tx 77591

02/2024-Current

- Able to successfully keep up with the fast pace of the provider and accurately write notes to improve patient care experiences.
- Accurately updating patient HPI's with current medications and follow up visits in a timely manner.
- Gained experience in learning different types of documentation for primary care, podiatry, and ER.

Assistant Manager

Spirit Halloween Lake Jackson, TX 77566

10/2023-11/2023

- Was able to gain new experience in leadership and was responsible for finances, record keeping, and closing the store each evening.
- Successfully became part of a team that ranked among the top 100 stores nationwide to raise funds for Spirit of Children for the Child Life department at Shriner's Hospital.
- Successfully learned job functions within the first week of employment with a fast learning curve set in place.

ER Tech-I

UTMB-Galveston, TX 77550

06/2019-01/2022

- Experience working during the night-shift at a level one trauma center in the emergency department and one of the first ERT I employees to become part of the hurricane relief team in 2021, as ERT II is normally required.
- Successfully kept up with safety updates via email and changing protocols and procedures during the start of COVID-19 regarding PPE and safety standards.
- Learned phlebotomy and enhanced skills during I.V. insertion and blood draws for lab collection specimens, and EKG monitoring and cardiac telemetry training within the first six months of employment.
- Successfully communicated changes in patient condition while monitoring patients on telemetry and airway support while using independent judgment and reasoning to perform 12-lead EKGs, orthostatic vitals, wound care, and all skills under the scope of an EMT-Basic level position.

Galveston EMS

Galveston Area Authority Ambulance

2020-2021

- Successfully acted within the scope of an EMT-Basic during emergencies and non-emergencies for both ground 911 ambulances and transfer ambulances.
- Worked part-time with many different professionals at varying levels including AEMT and Paramedics in the city of Galveston.

S.I Leader for Anatomy/Physiology and EMT-Basic

2015-2019

Brazosport College Lake Jackson, TX 77566

- Became the first S.I Leader for the EMT-Basic training program at Brazosport College during this year's spring semester.
- Was able to increase exam scores by a full letter grade compared to previous semesters by reinforcing students' knowledge of human anatomy, physiology, and pathology.
- Helped students achieve an overall 89 class-average in a five week Fast-Track A&P course the summer of 2018.
- Gained experience in leadership by initiating group work among diverse groups of people while maintaining a productive and relaxed atmosphere.

ACE-Teacher for Communities In Schools

2017/2018

West Columbia Elementary/West Brazos Jr. High | West Columbia, TX 77486

- Experience in overseeing large groups of diverse children ages 8-13 years old who were "at risk".
- Successfully able to maintain situational/safety awareness during school hours and off-campus field trips and handle student confrontations.
