## THEATRE TRAINING

**THEATRE PLAY COMPETITION IN SEPTEMBER** It was a competition between 12 classes organized by school to allow students to showcase their stage acting and performing abilities to an audience made up mainly of students from the school. Our class ranked third. I was the lead actor in the play and received overwhelming praise from the judges for my portrayal of emotions through the character I played.

### SHORT FILM

This project was a short film made to gain experience and learn how to work in real-life situations which we could expect to face in film-making face. After an open audition process I was cast in the lead role. That was the first time I had had to go through an audition!

## NON-THEATRE TRAINING

### CHEERLEADER

I was a cheerleader for 2 years and got second and third place in cheerleading competitions. I was the group leader in my second year as a cheerleader, which was amazing, and I enjoyed every moment of performing.

### SPORTS DANCE

This was my first experience of performing live in front of an audience. It was incredibly challenging because I had never really tried dance before, so it was a big step outside of my comfort zone.
