## Professional Summary

---

I worked as a line producer in the entertainment field for 20 years and then five years ago decided to make a change and work in the culinary field, something I've always wanted to do. As a line producer I oversaw budgets of seven figures and was in charge of the entire crew and production teams. Working with QVC and HSN has been very rewarding, and I enjoy working with various celebrity chefs but I'm also interested in working more private cooking jobs. I'm smart, have common sense and am excellent at overseeing projects. I have worked as private cook for two families, am dependable and comfortable in what I do.

Willing to relocate: Anywhere

Authorized to work in the US for any employer
