## School Name, Forest Park, GA—*Class of 2019*

August 2015 - May 2019

Participated in the marching band. Received 4 full ride scholarships to different HBCUs in separate divisions (SIAC, MEAC, etc). Schools such as Miles College, Fort Valley State University, Alcorn State University, Bethune Cookman University, etc.

## Fort Valley State University, Fort Valley, GA— *Degree*

August 2019 - Dec 2025

Working towards a degree in Media Studies. I chose Fort Valley State University because of the opportunities it provided for me, while also being a member of the Blue Machine Marching Band. I started an Independent label in 2020, “Changing of The Game” Entertainment and have performed in Las Vegas, Miami, South and North Carolina and have released a song on my label surpassing 1 Million streams on SoundCloud. I have already filmed a short movie entitled, The Art of Peer Pressure, coming of age about teens going through stress and being pressured to drugs and other mishaps. While being out here I have also met some students who are into music also, so now, while working on film I am also working on my craft in music. As well as having the pleasure of working with actress Karan Kendrick (Just Mercy, The Woman King) on a tv pilot script. Recently, I was the script supervisor on a new short film coming out directed by Jess Carson (The Flash) and Producer Josh Friedman (Law & Order).
