Experience:

While I have done light modeling in college, I have been professionally modeling for the past 4 years. I have walked 8 different runways and 1 virtual runway in London during Covid. I have walked 16 collections, opened and closed as well as worked with many state side designers for editorial pieces. I was also trained by supermodel Coco Rocha at Coco Rocha Model Camp in New York. I have shot a music video with Sony Entertainment for Adam Doleac's single "Drinkin' It Wrong". Have done extra work in a feature film and thriller with Anne Heche, Dermot Mulroney, & McKaley Miller. As well as extra role in a mini series with Jessica Chastain and Michael Shannon for George and Tammy for Showtime. Walked Los Angeles Fashion Week and SFW in New York. Have done extra work and a stand in role for Nichole Kidmans newest film Holland, Michigan. Also booked promotion work for Capital One for Taylor Swift's Concert early May 2023 as well as CMA's and Chevy Brand Ambassador this past June 2023 and June 2024. I have

showcased as a bespoke designer and model in an all inclusive fashion line that closed the show here in Nashville for Fashion Is For Every Body, a non profit organization in September 2023 and debuted September 2022. I walked NYFW in September 2024 for The Bureau Fashion Week for Krissy King The Label Swimwear and Cosmoda for Authentic By John Ashford Shoes. Most recently walked this past February 2025 for BVFW and Donny's Angels and Devils. As well as John Ashford Shoes and J.Ash Skate.

HOBBIES:

Some of my spare time is spent Equestrian Horseback riding, Fencing, Painting, Fashion Designing, Photography, and my everyday job that feels like a hobby is Head of Research & Development. I make and design formulas for major companies and doctors around the world.

BIO:

I am originally from a small city in Louisiana. I was a mother at a very young age and lost my daughter to cancer a year after she was born. I decided to dedicate my life to how she would want me to live. I had a gastric bypass and went from 278lbs to 145lbs. I went back to school, graduated from college with a degree in Mass Media Communications. I worked 11 years as a nanny, 6 years an art teacher, and 6 years as a customer service representative. I was a CrossFit athlete for 5 years as well as a model. Then I moved to Nashville where I worked in a CBD manufacturing company. I left before the pandemic and started my own company with my younger brother. We are getting ready to launch anytime this year. I still model and act as an industry talent in the Nashville and surrounding area. I'm also a nanny to two children every week. I love to travel and find that modeling keeps me traveling throughout the year.

TATTOOS:

I have a beating heart on my chest, my daughters portrait on my thigh, stars behind my ear, soldier duck in my ankle, Wolf on top of my top right shoulder, diamond flower inside of the right arm, St Jude's logo with my daughters name on it on my back shoulder. Koi fish on my right ribs. All tattoos can be easily hidden with proper wardrobe and makeup.
