

Summary

Civil Engineering student looking for a summer internship to develop technical and communication skills in the construction industry. Organized, hard-working, and dedicated.

Education

Bachelors of Science in Civil Engineering - San Diego State University (May 2026)

Work Experience

Preconstruction Summer Associate - Clark Construction, Los Angeles, CA Jun - Aug 2024

- Projects: USC Football Performance Center. Arizona Expansion Efforts.
- Coordinated subcontractors and trades, ensuring quality scheduling, while preparing and reviewing Exhibit B documentation for contract compliance.
- Generated detailed quantity takeoffs on Bluebeam Revu for cost estimation and budgeting, and managed RFC's to handle project modifications and track scope adjustments.

Preconstruction Intern - Ryan Companies, La Jolla, CA Oct 2023 - May 2024

- Projects: Millenia Lot 19 Multifamily Apartment Complex. Vista Amazon Distribution Center.
- Conducted precise quantity takeoffs for materials & labor, contributing to accurate budgeting and cost control for projects.
- Prepared and reviewed bid proposals, estimating project costs to support competitive bidding and secure contracts.

Student Civil Engineer Intern - Reyes Construction Inc, San Diego, CA May - Aug 2023

- Projects: MCRD Replace Perimeter Fence & Turnstiles at Gates 2 & 4. Bayside Bikeway Barrio Logan. Range 314 Landslide Repair Camp Pendleton.
- Learned on-site construction management, including submittals, RFIs, quality control program, specifications, etc.
- Participated in field inspections, As-Built drawing updates, concrete quantities, daily QC reports, updated project test log, project schedule, and prepared purchase orders.

Civil Engineering Intern - Buena Vista Contracting Inc, San Diego, CA Jun - Aug 2022

- Project: Upgraded Pier 14 Dock, Naval Amphibious Base (NAB), Coronado.
- Assisted Project Manager in following tasks: daily reports, field measurements, quality control inspections, material procurement, safety meetings and inspections, review plans and specifications.

Involvement & Leadership

Society of Hispanics in Professional Engineering (SHPE) - VP External Affairs

San Diego State University, San Diego, CA Feb 2023 - Present

- Contribute to planning and organizing events with the community (e.g., San Diego Festival of Science & Engineering, SHPE High School Conference, San Ysidro STEM Fair, etc).
- Partner with SDSU engineering clubs and local SHPE chapters for professional development events.
- Manage communications with Jr Chapters throughout the County of San Diego.

College of Engineering Student Council (CESC) - SHPE Representative

San Diego State University, San Diego, CA Aug 2023 - Present

- Represent SHPE at biweekly meetings hosted by the College of Engineering to discuss important issues, program funding, networking opportunities, and current events.
- Meetings include discussions with deans, university officials, and outreach programs.

Club Membership

- Society of Hispanics in Professional Engineering (SHPE) Oct 2022 - Present
- American Society of Civil Engineers (ASCE) Feb 2023 - Present
- Women in Construction (WIC) Aug 2023 - Present

Awards & Achievements

- San Diego State University - Full Merit Scholarship (2022-2026)
- SHPE San Diego Professional Chapter - Rick Engineering Scholarship (2023)
- Ford Salute to Education Scholarship - Computer Science and Technology (2022)
- Judge Lowell Howell Scholarship (2022)
- Hosted "Internship Takeover" via SDSU Engineering Instagram (Jun 2023)
