## EXPERIENCE

### **Herb Alpert Music Academy, Los Angeles CA — Intern**

October 2024 - May 2025

- Facilitated strong working relationships between musicians and production staff by acting as a liaison during rehearsals or recording sessions.
- Facilitated communication between artists, management, and venue staff to ensure seamless event execution.
- Maximized productivity during recording sessions by maintaining efficient time management practices when working with multiple projects simultaneously.
- Conducted research on industry trends to inform decision-making processes within the organization.
- Enhanced live performance quality through diligent stage set-up efforts before each show.
- Assisted in producing high-quality recordings by setting up studio equipment and monitoring sound levels during sessions.

## Skills

**Creative and technically skilled music producer with a strong foundation in hip-hop, global sound fusion, and live performance. Proficient in vintage sampling techniques using the SP-1200 and modern DAWs like Pro Tools. Experienced in composing, mixing, and mastering original instrumental tracks, curating immersive audio experiences, and developing theatrical performances rooted in hip-hop history and culture.**

### **Segal Mixing Studio, Los Angeles CA — Audio Engineer, Producer**

January 2021 - May 2024

- Worked alongside Grammy winning Audio engineer Richard "Segal" Huredia, who has been a key part of many artist's careers which includes Eminem, Snoop Dogg, Cypress Hills and many more.
- Developed strong relationships with industry professionals, leading to successful collaborations on various projects.
- Supported musicians in developing their unique sound through tailored production strategies and innovative ideas.
- Sourced talented musicians for recording projects, enhancing overall musicality of "clients" work.
- Improved production efficiency by setting up and maintaining machinery for optimal performance.

**The Beverly Hills Music Lab, Beverly Hills CA — *Audio Engineer, Producer, Songwriter***

October 2021 - August 2022

- Worked alongside Grammy winning Producer/Songwriter Brandon Howard on various projects, as well as being mentored by Black The beast, who is the son to none other than Norman Jean Wright, from the Disco/R&B band Chik
- Collaborated with producers to create memorable hooks, resulting in increased radio play and downloads.
- Developed thought-provoking lyrics that resonated with fans, leading to a growing fan base and social media following.
- Co wrote songs for various genres, showcasing versatility and adaptability within the music industry.
