Work Experience

Manager of gift shop

Excelsior, MN
April 2022 to September 2024

Was hired as an employee and was moved to manager after 4 months on the job. Great experience with customer service. Interacting with not only customers but companies who we sold their merchandise. Great phone and cashier experience. Worked as the only actual employee working with the owners who were very busy themselves at a store that was open from 9-9 7 days a week.

Call Center Customer Service Representative

Google ad space sales-Florida
