Biography:

Stama Alexandru, is a young gentleman who has structured, very well, his desires for personal, civil and professional development. With his strong background and training in the Art of Acting, Mastering all Acting Methods, Alex has taken on a wide range of roles which have contributed to the development of his confidence, skill and perspective. He has a unique way of capturing the audience with his natural charm and authenticity. His varied portfolio together with his genuine talent and enthusiasm make Alex stand out both on stage (A Midsummer Night's Dream, The Seagull, Les Miserables, The Idiot) and on screen (I Am Alien, I Know My Potential and the upcoming feature-film Kickstarter) and many more to come. Despite this pandemic, despite being a very sensitive young person to human suffering, he is also a very pragmatic being, fun, kind and energetic, clearly expressing his joy of life and involvement in contemporary society (civil and professional). As of today, thanks to his unique talent that comes once in a generation, his life-time commitment to his craft, makes Alex the first Romanian actor in history of his country who got accepted by The American Academy of Dramatic Arts in LA Hollywood(where stars like Kirk Douglas and Robert Redford graduated) and Royal Central School of Speech and Drama in UK, proving that he is a future Star that can't be missed and can Never really fade away!
