About: I have always loved performing. I acted in school and community theatre productions up through my college career. During University, I acted in friends' student films. My passion for acting took a brief hold when I moved to a new city and learned to navigate the Atlanta film scene. Now I continue to act as a background extra, while also being a member of my local IATSE as a Scenic Artist in film and TV. Although painting pays the bills, I am ready to take the next step in pursuing my dream career: acting.
