EXPERIENCES

While formal public performance experience is developing, my passion and dedication are demonstrated through the following:

Vocal Arts Development:

- Consistently pursuing vocal improvement through self-training and practicing diverse song covers.
- Actively participated in five online auditions for NBC's The Voice, demonstrating persistence and commitment to vocal performance.
- Committed to ongoing vocal training to refine technique and expand range.

Creative Writing & Content Creation:

- Authored an extensive collection of poetry, exploring various themes and demonstrating a strong command of language and emotional expression.
- Developed and conceptualized original dramatic scenarios, showcasing a vivid imagination and an aptitude for storytelling (e.g., character arcs, plot ideas).
- Curated a personal portfolio of nature, landscape, and scenic photography, capturing compelling visual narratives and demonstrating an artistic eye for composition and beauty.

Performance & Expression:

- Utilize a natural flair for dramatic expression to embody characters and scenarios in imaginative contexts.
- Engage in ongoing self-development to hone performance skills for future acting and voice-over opportunities.
