My name is Juliet Peu, I'm a passionate and dynamic aspiring Polynesian (Tongan) heritage, based in Brisbane QLD Australia. With a deep love for storytelling, entertainment and a bold imagination. I bring emotional depth, comedic instinct, and cultural authenticity to every performance, with a natural presence both on stage and in front of a camera.

I've built my experience through acting workshops in church skits, school theatre plays, community productions and local short films. I've gained the knowledge and understanding where I've learned to fully commit to the craft, collaborate with intention, and take direction with ease and professionalism.

My dream is to not only perform but to represent Pacific Islander stories on global platforms. I'm drawn to roles that carry heart, identity, and depth whether dramatic, lighthearted or powerful. I thrive in creative environments and am ready to work and grow within the industry.

I'm seeking representation with an agency that believes in nurturing fresh talent with strong foundation and a clear vision. I'm committed, castable, and excited to take this next step in my career.
