

# Ishmeal Kaisamba

## CONTENT CREATOR

So many of us grew up watching "Sex and the City," "Project Runway," "America's Next Top Model," and "Gossip Girl." Honestly, who could blame us for loving style. I myself adore fashion and I always have because of the shows I binge watched, and thats why I chose fashion as my professional career. What I love to do is create content and inspire people dedicated to lifestyle and fashion through instagram and other social media platforms.
