A self-motivated person who focuses on goals. A problem solver in systematic and analytical process management, an art enthusiast, a creative person, loves new challenges, strategic planning, and is interested in business development ideas. Has skills as a photographer for 8 years, videography for 2 years, administration and sales for 1 year. Known to have a hard-working soul and is easy to adapt to any situation and is also easy to communicate with new teams or people in an international scope to support the overall success of the team. While my background in business administration contributes to efficient project management and problem-solving to informing and engaging the public through compelling visual media.
