

Isabella Grace Jones

I am a 16-year-old actress and singer with a passion for performance that began at the age of four. I currently live in Cambridge, England.

Work experience

West End Performances and Showcases

London West End

Through Stagecoach Stage School I was given the opportunity to audition for many things, one being performing a musical theatre piece at the Royal Albert Hall, London. I was also able to book showcases and performances at The Adelphi Theatre, Sadlers Wells and The Cambridge Corn Exchange.

My Fair Lady

Cambridge Operatic Society

Through the Cambridge Operatic Society I auditioned for a production of My Fair Lady at 10 years old. After booking the role we went through extensive rehearsals eventually leading up to a week of performances at the Cambridge Arts Theatre.

Languages

I'm fluent in English and I can act in both a British and American accent. I'm very interested in learning how to act in new accents and I continue to challenge myself by also learning new languages. I'm currently learning Chinese after taking it as a subject for GCSE.

Professional training

I was a part of the Stagecoach performing arts school for 7 years from the age of 4 to 11 where I took part in many projects and performances and trained in Acting, Singing and Dancing.

I also had the opportunity to audition for the National Youth Music Theatre residential actors skills course in 2024. After being selected by NYMT to participate in this course, I travelled to Kent alongside other students and took part in a 4 day long acting, singing and dancing course where they taught us audition tips, acting techniques, vocal warm ups to help our voices and much more.

I have been taking singing and vocal lessons since the age of 10. I began working on grades at the age of 12, after solidifying key techniques I began grade 3 and have now completed grade 5 passing with a high distinction.

I also began piano lessons in primary school and although due to my Secondary School schedule forcing me to withdraw from further lessons, I still continue to play and learn independently. I enjoy writing my own music and learning new techniques.
