MASTER'S DEGREE & PHD (IN PROCESS)

PROFILE

Seasoned Senior IT Delivery Manager with over 15 years of experience in service delivery, operations leadership, and project management across federal government and private sector environments. Proven expertise in managing complex IT programs, SaaS implementations, cloud migrations, and large-scale infrastructure projects. Demonstrated ability to lead cross-functional teams, drive process improvements, and align IT solutions with organizational goals. Skilled in managing multimillion-dollar budgets and implementing solutions that enhance operational efficiency and service delivery for federal agencies.

PROFESSIONAL EXPERIENCE**Senior Manager of Federal Applications & Delivery**

IMS Consulting | 2022 – 2025 | NASA, HHS, DHS, NAVY, US AIRFORCE

- Serve as the senior lead for complex, high-visibility Archibus implementation projects, managing the full project lifecycle from initiation through close-out across multiple client environments.
- Oversee cross-functional project teams and liaise directly with executive stakeholders to ensure alignment of solutions with strategic business goals, acting as a trusted advisor throughout project delivery.
- Drive enterprise-level program governance, leading client engagements, facilitating executive status reviews, and delivering tailored communication strategies to support adoption and transparency.
- Develop and maintain comprehensive project plans, including detailed scope documents, requirements traceability, budget forecasts, and risk registers, using industry best practices in Agile and Waterfall methodologies.
- Direct budgeting and resource planning efforts, managing multimillion-dollar project portfolios while tracking performance metrics, team velocity, and burndown rates through the project management platform.
- Lead end-to-end planning and facilitation of UAT, system deployment, and formal training sessions for enterprise users, ensuring successful knowledge transfer and post-implementation support continuity.
- Implement proactive risk and issue mitigation strategies, leveraging data-driven insights to resolve dependencies, address scope changes, and manage client expectations.
- Champion continuous improvement initiatives and post-mortem evaluations, driving process enhancements and supporting internal delivery standards for service excellence.
- Provide expert guidance on Archibus capabilities and system architecture, ensuring client configurations maximize ROI and align with industry trends and organizational needs.

Senior Manager of Professional Services and Delivery

U.S. Federal Solutions | 2022 – 2024 | DOT, DHS, HHS, CENTCOM, US AIR FORCE, ARMY

- Led a portfolio of high-profile service engagements across federal agencies, including DoD and DHS, ensuring compliance with federal regulations and achieving mission-critical objectives.
- Directed and optimized multiple delivery teams, ensuring alignment with federal standards, contract requirements, and agency goals.
- Provided expert guidance in federal contract management, leading strategic initiatives to expand existing contracts, enhance service delivery, and support mission outcomes for federal clients.
- Collaborated with Business Development teams to pursue opportunities, develop proposals, and expand the company's presence in federal markets, contributing to long-term agency partnerships.
- Implemented industry's best practices to ensure adherence to federal compliance standards, fostered a culture of continuous improvement, and achieved exceptional performance ratings.
- Cultivated interagency relationships and partnerships with small, medium, and large businesses to enhance contract performance and expand the scope of federal service engagements.
- Delivered strategic planning support, including budget management, resource allocation, and risk mitigation strategies, ensuring federal agency needs were met with excellence.
- Represented the organization at government conferences, forums, and interagency events to promote program initiatives, foster stakeholder relationships, and position the company as a trusted federal contractor.

Senior Delivery Product Manager

Modolabs | 2021 – 2022 | AWS, JPMORGAN CHASE, MORGAN STANLEY

- Led the delivery of SaaS and mobile products to federal and enterprise clients, developing project plans to monitor progress and ensure timely delivery.
- Directed cross-functional teams in the implementation of technology solutions that met client requirements and compliance standards.
- Managed customer portfolios, optimizing UX design, marketing strategy, and pricing decisions for government customers.

Senior Delivery Manager of Professional Services

Nutanix | 2019 – 2021 | ALL PUBLIC, DoD, GOV, K12, COMMERCIAL

- Directed a team of 10 managers to ensure the delivery of IT infrastructure and cloud solutions to federal and commercial clients within scope, quality, and cost constraints.
- Established and led a PMO, delivering on Waterfall and Agile Scrum projects, including DevOps pipeline automation for cloud security, VDI, and hyperconverged infrastructure.
- Key clients included federal agencies such as the Department of Transportation (DoT), where I led network flow and cloud security projects.

Senior IT Delivery Manager

Miracle Systems, USAID | 2018 – 2019 | USAID

- Managed 6+ large-scale IT projects simultaneously, including an Azure Cloud migration project with a budget exceeding \$14M.
- Implemented O365 and Azure infrastructure solutions across USAID offices, ensuring compliance with federal IT security standards.

- Led cross-agency collaboration to establish project cost, scope, and schedule, ensuring alignment with federal procurement guidelines and SDLC methodologies.

Senior Program Manager

APEX Pentagon / USAF | 2017 – 2019 | US AIR FORCE

- Managed 10+ IT modernization projects for the U.S. Air Force with budgets over \$10M, improving project execution by streamlining processes for Windows 10 and data migrations.
- Created PowerBI dashboards to provide senior leadership with real-time project status updates, improving decision-making for high-priority federal programs.
- Managed a team of 120+ staff, ensuring adherence to government standards and timelines.

Sr. Enterprise Services Manager

Attain, NARA | 2016 – 2017 | NARA

- Oversaw IT service delivery for the National Archives and Records Administration (NARA), supporting over 15,000 applications and 40+ presidential libraries nationwide.
- Directed the implementation of cutting-edge technology solutions and led the day-to-day operations of a 70-person IT team in an O&M environment.
- Successfully led the IT infrastructure design and implementation for the Barack Obama Presidential Library, ensuring compliance with federal IT and archival standards.

Senior IT Project Manager

Attain, U.S. SEC & DOC | 2015 – 2016 | US SECURITY EXCHANGE COMMISSION

- Led the database migration of the SEC's EDGAR system from Sybase to Oracle, ensuring a seamless transition and compliance with federal IT requirements.
- Coordinated project planning and execution for federal clients, producing RFPs and white papers to support IT procurement decisions.

OTHER JOB HISTORY

- **Senior IT Project Manager** | NISGA Data Sys., GSA | 2015
- **Innovation Services Manager** | Jacobs Technology, U.S. Army Research Lab | 2011 – 2015
- **Tech Site Lead** | Lockheed Martin, U.S. Army Corps of Engineers | 2006 – 2011
- **Telecommunications SGT** | U.S. Army (Active Duty) | 2001 – 2006

KEY PROJECTS

- **Oracle EBS Cloud Migration:** Led a successful migration of Oracle EBS for a federal agency, ensuring compliance with FISMA standards.
- **Windows 10 Migrations:** Managed large-scale Windows 10 deployments for federal clients (20,000 and 14,000 users), improving security and operational performance.
- **ServiceNow Upgrade:** Directed a ServiceNow configuration and upgrade for a federal client, automating service management workflows to increase efficiency.

- **Data Center Consolidation:** Led a data center consolidation project for the Department of Transportation, reducing costs and improving service reliability.
 - **Presidential Site Implementation:** Managed the IT infrastructure implementation for the Barrack Obama Presidential Library, ensuring compliance with NARA and federal IT standards.
-

TRAINING & TOOLS

- **Project Management:** JIRA, MS Project, Smartsheets, Trello, Clarity PPM
