Meet Loredana

Born and raised in Montreal, Quebec, Loredana has always been drawn to the world of acting. A former competitive synchronized figure skater, she learned discipline, teamwork, and how to stay calm under pressure. Acting has always felt like a place where she belongs. She loves the world of film and being part of bringing a story to the screen. For Loredana, acting is not just something she loves, it's a part of her. She's always wanted to be on set, in front of the camera, and being part of something that can either move people, or bring a story to life, even if it's fictional. She's excited to learn and work hard to pursue this dream.
