EXPERIENCE

Greenville Eats, Greenville NY — *Cashier*

August 2024 - May 2025

I worked here for almost 12 months and found my second family. I was a cashier mainly but my other duties included serving ice cream, krispy krunchy chicken, dishwasher, and fry cook. This is where I used my communication skills, customer service, high work ethic, leadership, and teamwork to the best of my abilities.

I have had 3 other part time jobs, 2 of them I was also a cashier for a few months each and then I was a dishwasher at a high end restaurant for 6 months.

EDUCATION

Greenville CSD, Greenville NY — *High School Diploma*

September 2011 - June 2025

I am starting my Bachelor's in Criminal Justice online with Southern New Hampshire University in September

PROJECTS

Memoir — *How I grew as a person during my favorite part time job with a rude customer*

"Working in customer service is hard and one person isn't going to be as nice as the last and mistakes happen and that's ok. It's a big part of life for everyone."
