## PROFESSIONAL SUMMARY

I am a rising senior nursing student at the University of Pittsburgh and Senior Patient Care Technician at UPMC Presbyterian, seeking to utilize my strengths and skills to help others. I am interested in pursuing a career in critical care nursing, with a goal of eventually returning to school to study nursing anesthesia.

## EDUCATION

### University of Pittsburgh - BSN

August 2022 - April 2026

- GPA: 3.873
- Completed clinical rotations on a trauma unit, pulmonary step down unit, labor and delivery, antepartum, post-partum, emergency department, pediatric acute cardiology unit, spinal neurosurgery unit, eating disorder unit, and adult trauma recovery unit.

## EXPERIENCE

### UPMC Presbyterian, Pittsburgh PA - Float Pool Senior Patient Care Technician, MICU Student Nurse Intern

Senior Patient Care Technician - January 2025 - Present

- Provided assistance with physical/respiratory/cardiopulmonary therapies, provided basic daily care, health monitoring to patients, specimen collection, phlebotomy, and heart monitoring.
- Contributed to the hospital as part of the Phlebotomy team and attending PCT council meetings.

Student Nurse Intern - May 2025 - July 2025

- Cared for critically ill patients in the Medical ICU under the direct supervision of a nurse preceptor to monitor and manage vasopressors, multiple drips, mechanical ventilators, central lines and arterial lines.

Patient Care Technician - March 2024 - January 2025

Nurse Assistant - May 2023 - March 2024

Care Attendant - January 2023 - May 2023

### Pittsburgh Marathon, Pittsburgh PA - Medical Volunteer

May 2025

- Assisted athletic trainers and doctors treat runners with medical needs at the finish line as a nursing student/medical volunteer during the 2025 Pittsburgh Marathon.
