PROFILE

Self-taught actress and filmmaker with a passion for storytelling - both in front of and behind the camera - who's driven by a love for bold characters and visual narratives. I strive to bring creativity, dedication, professionalism, and a fresh perspective to every project. I took a break from the film scene in 2012 to go to college and pursued a corporate career in digital marketing before deciding to come back in 2024. I'm currently building experience through indie films, TV shows, short form content, and collaborative productions, with dreams of bringing original stories to life on the big screen.
